## LOS ANGELES HUNTER JUMPER ASSOCIATION RULE CLARIFICATION – IMMEDIATE IMPLEMENTATION

### RULE CLARIFICATION:

#### PART II: ANNUAL CHAMPIONSHIP AWARDS AND POINT SYSTEM

##### Section 2: COMBINING AND DIVIDING

b. In hunter sections only “working” classes will count for points. Conformation *model* classes will not count toward year-end standings.

### PURPOSE:

This clarification is necessary to clear the existing confusion as to when points are awarded in hunter sections which include both over fences (“working”) and conformation components as opposed to a standalone conformation model class without a “working” round.

The original intent of this rule was to award points for an over fences hunter “working” class which contained a conformation component and not to award points for a standalone conformation model class.

The way the rule currently reads does not allow points to be awarded for a class that has both over fences (“working”) and conformation components, which was not the original intent of the rule.-
